## Literacy updates:

We had a great time on our Field trip! Thanks to the many parents and grandparents who joined us! Your help chaperoning was greatly appreciated!

We will continue studying the Anishinabe people through next week. Then, our focus shifts to an earth science unit about air, weather and the water cycle.

Book bags seem to be going well.

Glad to see kids bringing them back regularly to check out some new titles. Keep up the great work at home. It makes a difference! Remember, one reader's response per week is fine!

## Valentine Exchange -

### Feb. 14

A class list is being sent in Friday Folders and is also attached to this newsletter. if

you choose to bring valentines, please be sure to include all students. We will be making festive bags on February 6th for our valentine exchange on the 14th.

Anytime after 2/6 students may bring in their valentines to deliver. We will open them on Valentine's Day.

## General information:

**Conferences are coming!**
